# Fastest 100 Mile Race In America

Strang in 1 hr. 32m. 48 1-2s.—Zengel's Record 10 Miles Athletics and Detroits Both Win-Cincinnati Pounds Giants' Fitchers-C. A. C.'s in Double Header Here Today-Other Sports

Indianapolis, Ind., Aug. 20.—Strang and Zengel shared the honors of the second day of the automobile race meet on the new Indianapolis motor speedway. Strang won the fastest 100-mile race ever held in this country, while Zengel established a new ten-mile record.

The trial for a new mile record was en-mile record.

Not a single accident of a serious

nature marred the day's racing. The only injury reported was a bruised arm sustained by Barney Oldfield in the ten mile free for all race in which Zengel made the new record.

Larger Growd Than Thursday. Some 18,000 spectators crowded into the two big stands and hundreds of automobiles filled the parking places. The crowd was considerably larger

than eyesterday.

The feature of the day was the easy victory of Strang with a Buick in the 100-mile race, the chief event of the day. He won by about ten miles in the exceptional time of 1,32,48 5-10. At first it was thought that this was a new record for this country, but the officials decided to let the mark of 1.32.18 9-10 made by Chevrolet in the first 100 miles of the 250 mile race of yesterday to stand, despite the fact that Chevrolet did not finish the race. Strang, however, beat Chevrolet's rec-ords for nearly all the distances between twenty and one hundred miles.

No Stop in 100 Miles. Dewitt in a Buick finished second to Dewitt in a Bulck finished second to Strang in the long race in 1.41.32 3-10, and Stillman in a Marman was third in 1.42.37 6-10. Harroun in a Marmon was the only other one of the starters to finish. The Buick (Chevrolet) , Marion (Monson), and Marion (Stutz), dropped out early in the race. Strang did not stop once during the 100 miles, his car working excellently all the way. He steadily increased his all the way. He steadily increased his

Course as Safe a sPossible.

The American Automobile associa-tion will not withdraw its sanction for the meet, for its officials are satisfied that the motor speedway owners have done all in their power to make the course safe. Every inch was oiled and tarred today and the bad spots were repaired as much as possible. The absence of the stifling clouds of dust thrown up the racers yesterday helped estly in the speed and also mini-zed the chances for serious acci-

Before Strang started on his wonderful race the honors had gone to Zen-gel, who established a new ten-mile record in his Chadwick. This is the second time in the meet that this rec-

The five mile free for al lhandicap was the most closely contested race of the day and resulted in a victory for Menz. who drove a National. His team mate, Aitken, finished one-tenth of a second behind him, according to the electrical scoring machine. There

Christie's Freak Disappoints.

The trial for a new mile record was disappointing, for Christie's freak racer, of which much had been expected, refused to speed and Christie gave up after being unable to get the machine around the track once in a warming-up. Oldfield carried off the honors of the trials, for he covered the mile in .43 2-10, only 1-10 of a second slower than the world's regord made yesterday by him.

## JEWETT CITY CLERKS

TOOK GAME AT MOOSUP 18 to 7-Benac's Star Catch in Right.

Jewett City Clerks, journeyed to Moosup Thursday crossing bats with the strong Moosup Clerks team, which was defeated 18 to 7. Coulam was on was defeated 18 to 7. Coulam was on the mound for Jewett City and not a hit was made off his delivery for eight innings, Sweet replacing him at this period and was hit hard and often. Lague covered center field in Ty Cobb form and also hit hard and timely. Popham, Leliberte, Butle rand Dorando played errorless ball. A feature of the game was the terrific hit of L'Henreux for a home run in the ninth inning clearing the bases. But the I. Henreux for a home run in the minth inning clearing the bases. But the real claimax came when hard hitting J. Benac ran from right field to first base, dove about five yards and gathered ina liner bare hand. This saved the day for Jewett City and Benac was greatly applauded for the play and was presented the ball after the game. The features on the Moosup side were star catches in right and

Fort Wright Team vs. Hospitals. Manager Farrell has an out of town team as the attraction this afternoon on the Hospital grounds to meet the hospitals and if records count for anything the contest should be a close one. The Fort Wright team from Fishers Island is to be here with Daines, their best pitcher, in good form he having recently recovered form, he having recently recovered from a case of sore arm. Against him will be Zemke, the hospital star, with Welch catching and this battery is counted upon to make trouble for the opponents, backed up with the reli-able fielding game the Hospital puts

East Side Stars Challenge. ord has been broken. Chevrolet reduced Oldfield's old mark of 9.12 2-5 yesterday when he won a ten-mile race in 8.56 4-10 and Zengel cut this to 8.23 2-10 in the ten mile free for all today.

Aithen in a National, who finished second in that event, had the honor of breaking Chevrolet's old mark, for his time was 8.32 6-19.

The fifty-mile race was a walkaway for Wright and Schwitzer in the Stoddard-Dayton cars. They were the only drivers out of the five starters to finish.

Closest Race of the Day.

The five mile free for al thandicap was the most closely contested race. The East Side Sturs, under Manager

tice. Games can be arranged with W. W. Miller, 17 Chestnut street, city. Challenge to C. A. C. Juniors. of a second behind him, according to the electrical scoring machine. There were 13 starters.

The ten-mile race for marhines that will compete in the 300-mile race to-morrow resulted in another victory for

# FINANCIAL AND COMMERCIAL.

MARKET AGAIN IRREGULAR. Recessions of Two Points or More Throughout Active List.

New York, Aug. 20.—Following its course of the previous four days, to-day's stock market was again very irregular, when not altogether disorregular, when not altogether disorganized. At the opening most declines were fractional, but before the end of the first hour the movement gathered great momentum under fresh selling orders and recessions of two points or more were recorded throughout the active list. The business of the morning session was estimated at over 700,000 shares. Just how much of this huge amount represented long stock and how much operations for the decline it is, of course, impossible to say. There were intermittent rallies, but early in the afternoon prices again There were intermittent rallies, but early in the afternoon prices again fell under renewed liquidation. Of the many theories offered to account for the market's extreme heaviness only two are worthy of serious consideration. The first, of course, has to do with the apprehension existing in many quarters regarding the health of E. H. Harriman, and the other is that a "shaking out" of the rank and file was deemed advisable by those who are supposed to be in control of the market's machinery. Of the latter line of reasoning it can only be said that no doubt is entertained in most well informed circles that the last few days have witnessed the obliteration that no doubt is entertained in most well informed circles that the last few days have witnessed the obliteration of many weakly margined accounts, as well as the complete shriveiling up of vast "paper profits." Naturally it is expected that lower prices, or a more normal basis, will invite fresh buying. It is also noteworthy that the b tier known commission houses seem to have played only a passive part in the week's declines, which may be accepted as an indication that out of town centers were but slightly interested in the course of events here. Despite vague fears to the contrary, the final hour was characterized by orderly and stendy recovery, many issues regaining the larger part of their losses, while not a few made net gains. Throughout the day considerable strength was shown by a group of specialties, which included United States Rubber, American Car and Foundry and American Locomotive. The local transactions also exhibited much steadiness. The closing was steady, with the rally still under way. London was a seller here to the extent of 40,000 shares. The heavy liquidation in stocks made for easier rates in the money market, but the demand was very light. Forecasts of the weekly cash movement indicate a gain of about \$3,500,000 by local lanking institutions, much of this coming from the interior. A marked decline in copper exports for the week was reported. The bond market was again weak. Total sales, par value, \$4,578,000. Government bonds were unchanged.

SELLS THE DEMON. Hartford Owner Disposes of the Sensa-

tion of the Week at Hills Grove Track.

Hills Grove, R. I., Aug. 20.—Interest in the Hills Grove half mile track races today centered in the performance in the 2.30 pace of the Hartford pacer, Wauregan at North Grosvenordale.
Dayville at Jewett City.

In the home game on the Sachem park grounds between the C. A. C.'s and White Rock. Phillips, the Montville twirler, will make his first bow in a C. A. C. anifor, before a Norwich audience in the curtain raiser, which starts at 2 o'clock. The big Montville boxman is looked upon as a promising candidate to humble the fast White Rock mine, particularly after the class he showed last Saturday in holding Carolina to a couple of hits. Jack Kane, whose sore arm has come around in shape, has been secured to cover short, making the infield a tight one, and the nine men are a bunch of capable performers with the bat who can be expected to get next to the slants offered by Pember and Sheehan, who are to pitch for White Rock.

The following will be the C. A. C. I. R. Blumenthni's black gelding, The Demon, the sensation of the week in the harness meet. The Demon was a the harness meet. The Demon was a prohibitive favorite from the start and took the first two heats in easy fashion. Before the third heat the judges announced that the horse would be sold immediately after the race, and Brusle, who was driving, started in to show off The Demon's ability in the heat. After leaving the field far behind, Brusle pulled up short when coming down the stretch to save the field from getting the flag, and Annie, herestofore unmarkwire, getting a mark of 2.20 1-2. The Demon took the fourth heat in easy fashion, after which he was sold to James Farley of Plattsburg, N. Y., for

Sheehan, who are to puch for White Rock.

The following will be the C. A. C. lineup: McManum c. Phillips p. D. McIntyre lb. Fad Sullivan 2b, McClafferty 3b, Jack Kane ss, M. Murphy if, Judes McIntyre cf. Curry Daley rf.

The White Rock team will be picked from the following: Greenwood, Cornell, Sheehan, O'Donnell, Bliven, McSheffers, Christy, Pember, Staplins, Parker, Burrows, Gleason, COTTON.

# DR. King's Restoration Method

What It Does for Toothless People

THOMAS JEFFERSON KING, D. D. S.,

D. D. S.,
Originator of Dr. King's Restoration Method for the natural
restoration of teeth—originator
of the King Safe System of
Painless Dentistry and Inventor
of the "Natural Gum" Set of
Teeth, Elc., Etc. All rights reserved.

By means of this wonderful method we are able to give back to a patient the full set of teeth he or she started in with in the beginning. All we require is two or more teeth in each jaw to work from, and we shall not resort to plates or ordinary bridgework in the process of the work. Your mouth will be free from in-

cumbrances. Before we accomplish this result we put the gums and the natural teeth in a healthy condition, tightening the teeth which may be loose and curing pyorrhea if the patient is afflicted with that dreadful dis-

All of the teeth we supply are All of the teeth we supply are practical teeth; each set in its own socket following nature's plan, so that the strain is equally divided. One is able to blie on these teeth and use them in exactly the same manner as he would his natural teeth. They match nature's teeth so closely as to deceive experts. They are beautiful to look at and a source of constant delight to the one who wears them.

## A PAINLESS PROCESS

An impression has gone forth that there is some surgical operation connected with this method of restoring missing teeth. Some people have written in to know if we bore down into the bone and put the teeth in on pegs!

Others have an idea we set the new teeth into the sockets where the natural teeth were originally. It is quite natural that some nathinking people would ask such questions, and in order that they may be fully answered we will state that there is no boring, no cutting, no implantation about this method, nothng about the work that is painful while it is being done or afterward.

chewing meat, eating candy, toust, or anything else with the same comfort they would enjoy if every tooth in their head had grown there. If we couldn't promise this and make good on the promise, the Restoration Method would not be a success. It would be no better than

Patients leave the office with these teeth in place and at once begin

#### ordinary bridgework or partial plates. WE ARE GENERAL PRACTITIONERS

All Forms of Dentistry Treated by Experts. While the Restoration Method is our great specialt- we are general dental practitioners as well. From the simplest filling to the most intricate piece of perceiain work, our experts are at the service of the

Naturally we would do such work well, much better than it could be done in a one-man office, for the operators employed here are all men of the very highest skill. They need to be to do the Restoration work. Bunglers would not be tolerated in our office for a day neither would dental students. We demand the fulshed craftsman, both at the operating chair and in the laboratory.
